Dear Parents/Carers,

YEAR 8 AND 9 ART CONTRIBUTIONS

I hope your son/daughter had a positive experience of Art last year. In Years 8 and 9, Art students will be developing a variety of skills including 3D sculpture, Clay, screen printing, drawing, painting and photography using a wide range of different materials. In the department we pride ourselves in developing students who are creative problem solvers who can produce high quality imaginary outcomes and achieve their full potential.

A major contributor to the department's success has been our ability to offer the students a breadth of experience, along with the opportunity to work with a variety of materials. As in previous years, it is through the fantastic support we receive from parents and carers that allows us to deliver such a comprehensive program of learning.

All projects produced in school are offered to students to take home and these are partly funded by parental contributions. Without these contributions we could not offer such a broad range of experience.

Studio materials are ordered in advance and, in line with schools across the county, we are asking that a contribution of £15.00 is made for the materials used by your son/daughter during this academic year. This amount is calculated considering the overall cost of the projects completed and every year we review it to ensure that it is value for money.

Contributions can be made on-line via ParentPay, which is our preferred payment method as it is secure. If you have any difficulties accessing ParentPay please email finance@chaileyschool.org for assistance.

Please note that this contribution is voluntary and if you do not feel able to pay please be assured that this will not disadvantage your child in any way.

If you have any further questions regarding Art at Chailey please feel free to contact me via email: djohnson@chaileyschool.org

Thank you in advance for your support.

Yours faithfully

Mrs Dawn Johnson
Teacher in Charge of Art
