<p>Summary:</p> <p>COVID-19 is a new illness that can affect the lungs and airway. It's caused by a type of virus called Coronavirus. Coronavirus spreads when an infected person coughs small droplets – packed with the virus – into the air. These can be breathed in, or cause an infection if you touch a surface they have landed on and then touch your eyes, nose or mouth.</p> <ul style="list-style-type: none"> The safety of our staff, students and community is our utmost priority and the following measures are being taken to help prevent the spread of the coronavirus and ensure staff and students feel safe in school. The school has used government guidance to inform this risk assessment : implementing protective measures in education and childcare settings as well as the latest DfE guidance for full opening from September <p>This risk assessment also seeks to address the Priorities from Government Guidance as follows:</p> <ul style="list-style-type: none"> Minimise risks to all within school – minimising contacts and maximising distancing Importance of social distancing staff to staff, staff to students and then student to student Maintain broad and balanced curriculum for vast majority of students
