

CHAILEY SCHOOL COUNCIL

YOU SAID, WE DID

Why do we have to wear blazers with PE kit?

Many students forget their pens, calculators and other equipment if they leave blazers at home.

Can we have a clock outside to see the time?

We will look into purchasing one – great idea!

Can we have breaktime food service?

Mrs Key has met with the canteen company. We are looking at opening our outside catering unit first, but we are waiting for the company to appoint a member of staff.

Can you help with the overcrowding on the buses?

School Transport is an East Sussex County Council responsibility. We will support you in writing to the Local Authority. We have already complained on your behalf.

Can we amend the one-way system?

The main student entrance is very crowded. We will ask for two volunteers from the school council to look at this.

Can the maths block toilets be reopened?

Yes – they are being refurbished. They should be open towards the end of November.

Can Wi-Fi be improved in the MFL area?

We are looking into this issue.

Can the catering shack be opened?

Yes. The school asked for this facility and we have done everything we need to. We are waiting for the catering company to have a member of staff available.
